

Dear Friend of SPA,

After yet another challenging year in 2021 the Sunshine Print Artspace Collective is open again for business.

We sadly lost several members over the past few months, and we are now seeking new printmakers and artists to take their place.

Memberships will be capped to a limit of 20 and are filling up fast, and early submissions will be appreciated.

We are currently seeking new members to comprise the Sunshine Print Artspace Collective. Membership will be capped at 20, subject to a selection process.

See attachment for details of costs and facilities available.

Time is short in terms of getting this Collective up and running so we'd really appreciate your assistance in spreading the word.

Submissions close 20th February, 2022.

Please email or phone through your EOI.

Look forward to hearing from you soon.

Yours Faithfully,
Phil and Adrian.

Please feel free to ring if you'd like to chat or discuss details.
